SECTION 5, CONCERNING INVOICES, CANNOT BE COMPLIED WITH.

Secretary Carlisle Says Every Bottle of Wine Need Not Be Gauged Nor Each Spool of Thread Measured.

WASHINGTON, Sept. 1.-In reply to a correspondent at New York, calling attention to the impracticability of a technical compliance with the requirements of Section 5 of the new tariff act, providing that invoices must state quantities exactly. Secretary Carlisle has written a letter in which he says:

"The department recognizes the correctness of your contention in the matter and admits the impracticability of such a mathematical ascertainment of the quantity, weight or measurement of every imported article as would result from the actual measurement of every spool of cotton or the gauging of every bottle of wine. In view of this condition it is held that the law is complied with when the packages which contain such articles as are usually marked, stamped, branded or labeled duly indicate the quantity of their contents. Such packages must accordingly show the number of pieces or articles contained, respectively, therein. This ruling does not change the instructions heretofore issued regarding the marking of goods so as to indicate the country of origin, but refers solely to the provisions in Section 5 respect-

ing 'quantity.' In reply to an inquiry from the collector of customs at Cincinnati, O., Secretary Carlisle has written a letter in which he decides that the actual commercial weight of glass, under Section 91 of the new tariff ect, may be ascertained by weighing 5 per cent. of boxes and striking the average

TREASURY STATEMENT.

Decrease in the Public Debt-Receipts and Expenditures.

WASHINGTON, Sept. 1 .- The monthly statement of the public debt, issued by the Treasury Department, to-day, shows a decrease in the public debt of \$1,713,654, including certificates and treasury notes offset by an equal amount of cash in the treasury. Including these certificates and treasury notes, the decrease was \$91,897. On Aug. 31, 1894, the interest-bearing debt was \$635,042,670, an increase for the month of \$80. The debt on which interest has ceased since maturity was \$1,831,750, a decrease for the month of \$9,100. The debt bearing no interest amounted to \$379,867,593, a decrease of \$82,877. Certificates and treasury notes outstanding, offset by an equal amount of cash in the treasury, was \$615,-350,572, a decrease for the month of \$1,621,-757. The aggregate debt Aug. 31, was \$1,-632,092,585. The several items of cash in the treasury are given as follows: Gold coin and bars, \$120,885,869; silver, \$513,167,330; paper, \$130,319,260; bonds, minor coins, etc., \$17,330,897, aggregating \$781,703,357, against which there are demand liabilities amounting to \$654,555,260, leaving a cash balance of \$127,148,097, of which \$55,216,900 is gold reserve. The increase in the cash during the month was \$8,082,745.

The comparative statement of the receipts and expenditures of the government, issued by the Treasury Department, today, shows the total receipts during August to have been \$40,417,605, as against \$34,809,339 for the previous month. Of the receipts for August, \$11,804,914 were from customs; \$27,562,278 from internal revenue, and \$1,050,418 from miscellaneous sources. The expenditures aggregate \$31,656,636, which leaves an unexpended balance for the month of \$8,760,969.

A statement by the Controller of the Currency shows the total amount of national bank notes out tanding Aug. 31, 1894, to have been \$207,498,978, an increase since July 31, 1894, of \$53,489. The amount of circulation outstanding against bonds on Aug. 31, 1894, was \$181,286,980, an increase for the month of \$231,046. The total circulation secured by lawful money was \$20,245,163, which is a decrease for the month of \$177, The amount of registered bonds on deposit to secure circulating notes was \$202,276,950, and to secure public deposits

The special notice issued by the Treasurer of the United States, June 18, 1894, has been withdrawn. Under the provisions of this notice small notes were shipped from the treasury at Washington at govof gold and gold certificates. No further shipments of small notes shipments of small notes under its provisions will be made by the treasurer. Hereafter small notes may be furnished by the subtreasury offices at their counters to the extent that such notes are on hand in excess of the requirements of the current business of the offices in exchange for gold coin and gold. quirements of the current business of the offices in exchange for gold coin and gold certificates and large denominations of legal-tender notes. The assistant treasurers of the United States will be furnished small notes from Washington, on their requests, to the extent that they can be spared by the department. The revoking of this special notice prevents shippers from obtaining the government contract rates of 15 cents per \$1,000 on their remittances of currency. It is said at the department that numerous abuses of this privilege made its revocation necessary. Several instances have occurred where par-Several instances have occurred where parties have withdrawn gold from the subtreasury on deposits of legal tenders and then in a few days they would deposit the same gold and ask for the shipment of small notes to their customers at government rates, thereby saving themselves 60 cents per \$1,000. In justice to others who lived up to the spirit of the circular the government is compelled to withdraw it.

Weak Point of War Ships. WASHINGTON, Sept. 1 .- The Navy Department has received a report from the inspector who has recently made an examination of the Texas. Last May, while the ship was having her dock trial, a lumber schooner was caught in the eddy made by the cruiser and the blades of the Texas were badly bent. The inspector says the blades may be straightened and that there will be no necessity of replacing them with new ones. In this connection comment is made at the department concerning the bending of the blades of the Ericsson. No official report has been received at the de-partment, but it is believed that the accident must have occurred by striking a spar or some other obstruction. The Ericsson broke her cast-iron blades coming down the Mississippi. It has been determined that the trial of the Ericsson will take place in the sound, and will be twenty-five miles each way.

Counterfeit Five-Dollar Bank Note. WASHINGTON, Sept. 1 .- A new counterfeit five-dollar bank note has been discovered by the redemption agency of the Treasury Department. It is on the Commercial National Bank of Providence, R. I., and of the series of 1882, Garfield head, check letter A, charter No. 1319, bank No. 20650, treasury number 957513; W. S. Rosecrans, Register; C. N. Jordan, Treasurer. It is photographic production, the coloring of the numbers, seal and scroll work being applied with pen and brush in a bungling manner, the black underneath being easily discernible, giving the note a dirty appearance. The paper is bad.

General Notes.

WASHINGTON, Sept. 1 .- Representative W. L. Wilson, of West Virginia, was in the city getting ready for his trip abroad. He will sail from New York on Wednesday. Albert S. Roberts, of Texas, was to-day appointed chief of the inspection division in the Second Assistant Postmaster-general's office, at \$2,000 per annum, to succeed John A. Chapman, of Illinois. Complaints of slaughter of game by In-

dians of the Fort Hall agency, in Idaho, is made in a dispatch received at the Bureau of Indian Affairs from Captain Van Arsdale, acting Indian agent.

GENEROUS TO HER DOCTOR.

Will of Mrs. Spears, Who Ignored Her Relatives, to Be Contested.

SPRINGFIELD, Mo., Sept. 1 .- J. Delany, an attorney, left here for Louisville, Ky., to-day. He went on a secret legal mission, but enough har been learned to warrant the statement that a sensational lawsuit may be filed in Louisville within a few days. It seems that about three weeks ago a Mrs. Spears, a wealthy woman in Louisviile, died leaving an estate of \$150,000. When she died she willed nearly everything to the physician. One of the items was \$80,000 for a hospital to cost \$20,000, the physician to be in charge. How the other 50,000 was to be used was not stated. This lady had a son named Charles Spears, liv-

FAULTY TARIFF LAW ing in this city, but he died a few years ago, leaving a son also named Charles Spears, who is now thirteen years old. Mrs. Spears thinks that her son was cut off in the will by undue influence on the part of the doctor, and proposes to have most of the money or sue. The doctor has offered to make a liberal compromise, it is said, but the proposition was rejected.

> Charity Bequest of \$1,000,000. SAN FRANCISCO, Sept. 1 .- The will of . V. Lavagu provides for the erection of a hespital for the deaf, dumb and blind, to

be located at Santa Cruse, Cal., and to cost almost a million dollars. TOOK THREE PRIZES

INDIANA KNIGHTS DID WELL IN THE COMPETITIVE DRILLS.

Money Awarded New Albany, Terre Haute, Indianapolis Divisions, and First Battalion, First Regiment.

Special to the Indianapolis Journal. WASHINGTON, Sept. 1.-The Indiana Pythians will take away from Washington a large percentage of the prize money offered by the drill committee. Prize winners are as follows:

Battalion Drill-First Battalion, First Regiment of Indiana, Col. W. L. Heiskell commanding, first prize of \$500. Division Drills-New Albany Division, No. 5, of Indiana, Capt. Henry M. Cooper, commanding, fifth prize, \$500; Terre Haute Division. No. 3, Terre Haute, Ind., Capt. A. C. Duddleston commanding, eighth prize, \$300; Indiana Division No. 56, of Indianapo-lis, Capt. H. B. Smith commanding, tenth The Bee Division, of Beeville, Tex., was awarded a prize of \$400 for traveling the longest distance to Washington.

The Indiana men are greatly pleased that they have done so well, although it is conceded that several divisions, notably the New Albany division, should have had a better place in the list of prize winners, as it is conceded that they equaled, if they did not excel, the West Virginia team from Parkersburg. The Hoosiers, however, are left town are being serenaded to-night by

An Associated Press dispatch says: The drill prizes for the competing divisions of the Uniform Rank of the Knights of Pythias were awarded by the judges to-day. The ten prizes for division drills were awarded to the following:

Second-Parkersburg, No. 8, of Parkersburg, W. Va. Third-John Barr, Glenn Division, of Eau Claire, Wis.

Fourth-Mystic, No. 12. of Girard, Kan.

Fifth-New Albany, No. 5, of New Al-

Sixth-Yellow Cross. No. 35, of Alliance, O. Seventh-Provost, No. 1, of Kansas City, Eighth-Terre Haute, No. 3, of Terre Haute, Ind. Ninth-Lily, No. 16, of Radeliffe, Ia. Tenth-Indiana, No. 56, of Indianapolis,

The cavalry drill prize was won by the D. D. Barnes Hussars, of St. Joseph, Mo., and the battalion drill by the First Battalion of the First Regiment of Indiana, who were without competitors. A handsome stand of colors, offered by the Evening Star, of Washington, to the regiment making the best appearance in the parade, was awarded to the First Regiment, of West

The awards were announced by General Carnahan as soon as the judges had reached their decision, although the presentation of prizes did not take place until 5 o'clock. Considerable disappointment was manifested because the local lodges had not raised the full amount of prize money. The prizes offered aggregated \$8,200, but

only \$6,000 dollars cash was secured. Checks will probably be given for the balance and an effort made to raise it within thirty days. This was the last day of the encampment. The flags were lowered from Camp George Washington to-night. Knights have been leaving the city for three days, and the tents were comparatively deserted

LOSS MAY REACH \$1,000,000. Further Details Regarding the Dis-

astrous Flood in Texas.

SAN ANTONIO, Tex., Sept. 1 .- The scene of destruction and desolation in the flooded district, for a distance of one hundred miles east and west of here, and extending south from the Southern Pacific railroad to the Rio Grande, two hundred miles away, is simply terrible. Thousands upon thousands of acres of pasturage and farm land is under water. It is estimated that the damage to crops in the valley of the Leona river alone will reach \$500,000, while in the valleys of the Saco and Sabinal rivers the loss will be fully as much more. Many thousand head of cattle, horses and sheep were swept away and drowned. Up to last midnight all telegrams received here by the Southern Pacific railroad officials and for the press came by the round-about way of El Paso, Pueblo and Kansas City, all direct connection with Uvalde and other flooded towns being cut off. The wires are now restored, however, and information from the Leona valley is coming in. Reports received this morning alarming than the carlier ones. It is still a matter of uncertainty as to the number of lives lost, but additions to the list of drowned are constantly coming in. About one-half of the houses of Uvalde, a town of 2,300 population, were carried away, and there is much suffering there by homeless families, but no more fatalities are re-ported. Nothing has yet been heard from the settlement of seventy-five families several miles below Uvalde, but there are still grave fears that many, if not all, of them were swapt down by the torrent. The town of Batesville was entirely inundated and there was heavy loss of property, but no lives are reported lost. There are several other towns in the flooded district. but they are away from railroad and telegraphic reach, and nothing can be heard from them until the waters subside. All construction officials of the Southern Pacific railroad have gone to the scene of the principal disaster, and several trainloads of material and men have gone west to repair damage to tracks and to reconstruct

ington street.

HELPS GERMANY

DEMOCRACY'S NEW TARIFF LAW PLEASING TO FOREIGNERS.

Germans Expect to Increase Exports Over 100 Per cent.-Dogs and Bleycles in the Kaiser's Army.

(Copyrighted, 1894, by the Associated Press.) BERLIN, Sept. 1.-The effect of the new United States tariff bill has been instantaneous in Berlin, Frankfort, Chemnitz and other export centers. The very day the law went into effect the invoices passing through the United States consulate-general increased 50 per cent., and on the following two days the number was doubled. The industries most effected are decorative china, ready made clothing, paper ware and chemicals. The whole German export trade to the United States will be increased, owing to the passage of the United States tariff measure from 100 to 150 per cent. for some months, if present indications can be relied on. The Vossische Zeitung printed a verbatim translation of the United States tariff bill, on Wednesday last, in an extra edition, a piece of journalistic enterprise which is much commented upon here as being quite a departure from the usual methods adopted in such cases. The bill, naturally, has attracted widespread attention and the United States consulates throughout the manufacturing districts of Germany are flooded with inquiries as to the proper interpretation of the new dutles and tariffs which come under them. This is especially the case with the larger manufacturing firms, as the latter are taking steps to increase their export business to the utmost under the new measure.

Emperor William's activity continues. On Tuesday he reviewed his Brandenburgers on the Tempelhof review ground. He is in constant communication with his admaking no "kick," and such as have not | visers on all subjects and is diligently discussing the plans to check the spread of cholera. Yet he finds time daily to take long excursions. Since Emperor William's return to Berlin large numbers of uniformed police are always present at the railroad station when he arrives there or departs from the city. During the parade on Tuesday last his Majesty was surrounded by a crowd of gendarmes mounted and on foot. These precautions are being connected with the recent arrest of Anarchists in this city.

An interesting military horse race or test of endurance is shortly to take place. The Emperor has ordered two officers of the Dragoon Guards to ride from Berlin to Cologne, a distance of 312 miles, within four days. Each officer is restricted to the use of one horse, and the two contestants will only be accompanied by bicyclists. During the coming army maneuvers the bicycle and the use of trained dogs will be tested on a large scale. Henceforth the bicycle is to form part of the equipment of each infantry corps, and each battalion will have a detachment of those trained riders as well as expert instructors for training recruits in the use of the wheel. Dogs are also to be more generally used in warlike operations, especially for advance guard and field dispatch service, although it has been demonstrated that collies are the only dogs which have been found really availa-ble for this work, and their number is limited if the selection is confirmed to first-

Owing to the prevalence of cholera in certain districts, the naval review fixed to take place at Dantzic in the middle of the present month will be held at Swinemunde, and for the Konigsberg festivities the gath-ering of crowds has been officially prohib-

If Emperor William has not succeeded in completely reconciling Chancellor Von Caprivi and Dr. Miquel, he has at least been able to effect a truce between them. This result is apparent in a published in-terview, in which the Chancellor is quoted as saying that Dr. Miquel must stay in office, as his task is only half done. The annual conclave of the German Cath-olics at Cologne has been largely attended but little was done besides making speeches. There was neither unanimity of opinion on the school question, religious instruc-tion nor the call of Jesuits to Germany. It is expected that Robert F. Kneebs, the German-American horseman, well known in the Western States of America, who was arrested here on May 5 last, charged with ringing trotting horses, will be released in a few days. Sworn statements have been received from the United States showing that the mare Bethel, which he was sup-posed to have entered in races here after declaring that she had never won a race, was in the United States during the period he is supposed to have been running her in Germany under the fictitious name of

The magnificent sarcophagi of Emperor William I and Empress Augusta have been completed and placed in the mausoleum at Charlottenburg. Emperor William has expressed himself satisfied with them, and to-day they were dedicated.

The United States embassador, the Hon. Thomas Runyon, has been busy since his return, but the statement that he has been

return, but the statement that he has been engaged in negotiations with Herr Mar-schall Von Bieberstein, the Minister of Foreign Affairs, in regard to the American tariff is unfounded. The report circulated in this connection evidently caused great annoyance to the German officials, for the National Gazette to-day formally denies that the Minister for Foreign Affairs visited Mr. Runyon in connection with the tariff, adding: "Such a visit does not correspond with diplomatic usage. No interview has taken place in regard to the sugar

Charles De Kay, who was recently appointed consul-general for the United William Hayden Edwards, will assume office within a few days. Vice Consul-general Zimmerman is to remain here in his present capacity.

Colonel Karwiez, of Louisville, Ky., who has been in this city for some time, endeavoring to get capitalists and engineers interested in a canal from the Atantic to the Pacific, destined to rival the Panama and Nicaragua schemes, has re-turned to London unsuccessful in his efforts to attract support for his plan.

The Emperor of Austria is to arrive at
Landskron, Bohemia, early to-morrow to attend the great maneuvers which begin on Monday. Archduke Albrecht will have chief command of both armies. Emperor Francis Joseph is to give a grand dinner on Wednesday, to which all the foreign attaches who will be present at the maneuvers are to be invited.

NOTES FROM SWEDEN.

Stockholm to Have an Industrial Exposition-American Decorated.

(Copyrighted, 1894, by the Associated Press.) STOCKHOLM, Aug. 23.-The eleventh Americanist congress will meet in September next year in the City of Mexico. This will be an extra session, as no regular conventions are held outside of Europe. The Mexican government has promised the delegates free access to and use of its national museum, its library and all its col-

W. W. Thomas, jr., the former American minister to Sweden and Norway, has just completed a series of lectures and returns to the United States Oct. 6 on the American line steamer Paris. Preparations are already being made here for an industrial exposition of giant pro-portions, which will be held in Stockholm in 1897. Engineer Arthur Leffler, who made a good record as Sweden's royal commis-sioner at the world's fair in Chicago, has been appointed one of the directors of the

coming expesition. Among the prominent Americans who are at present visiting the Swedish capital may be mentioned Bishop John P. Newman, of Omaha, who is attending the international Methodist conference now being held nere, and who has been elected president of the convention. Archbishop Janzen, of New Orleans, is also staying here, and has wice calebrated mass in the Church of Saint Eugenia. Another American gentleman who has spent a few days in the capital is Professor Harrington, of the Weather Bureau at Washington. He is on his way to Upsala, where he will act as the representative of the United States on the in-

which meets there. Sweden will soon add a fourth blg ironclad to her navy. She will then have four large war ships of modern type and a great number of torpedo boats and monitors, and her navy may be considered a formidable foe to encounter in the Baltic. Notwithstanding King Oscar will ask the next Riksdag to grant new appropriations for the building of a fifth ironelad, possibly of larger dimensions than those already com-

ternational

meteorological committee,

King Oscar takes pleasure in decorating American citizens. The last example of his Majesty's good will in this respect is Rev. P. Seward, president of the Evangelical Lutheran Augustana Synod of the United States, with headquarters in Rock Island, Ill. Dr. Seward has been appointed a commodore of the second class of the Order of the North Star.

Mrs. Aura Kieler, the authoress, and FARE—15c round trip. modore of the second class of the Order of the North Star.

who represented Denmark at the woman's congress at Chicago, will visit Sweden and Norway this fall and deliver lectures in the prominent cities. The lecture on "Amer-ican Women" is said to be most interest-

Bishop Charged with Contempt. OMAHA, Neb., Sept. 1.-Judge F. R. Scott, of the District Court, has issued an Scott, of the District Court, has issued an attachment for the person of Rt. Rev. Richard Scannell, bisnop of the Roman Catholic diocese of Omana, for contempt of court. The action grows out of the removal of the priest of St. Paul's Church by the Bishop. Judge Scott had granted an injunction preventing the Bishop from interfering with the conduct of the church pending a hearing in the court. Judge Scott is a strong member of the A. P. A. and recently gained notoriety for causing and recently gained notoriety for causing the arrest of editor Rosewater, of the Bee, on the charge of contempt of court.

Prospective War on Gas Rates. CHICAGO, Sept. 1.—War upon the Chicago Gas Trust will begin next week, when the Universal Gas Company, the rival organization, will begin active operations. Arrangements for a deposit with the city of \$120,000 have been made and the laying of pipes will commence Monday. The Universal is authorized to issue stock on a capitalization of \$5,000,000 and is backed by a large amount of wealth. A merry slashing of rates is expected to follow its clash with the trust.

Last Excursion of the Season to the

Seashore. The best time of the year for visiting the seashore is in September; better climate; better fishing; better bathing. The last excursion of the season over the picturesque C. & O. to Old Point Comfort and Fortress Monroe, Va., will leave Cincinnati Sept. 12, at 7 p. m., reaching Old Point Comfort 6 p. m. next day. Round trip from Indianapolis, \$15.80, good to return within fifteen days. Special train will be composed of Pullman Palace sleepers, elegant day coaches with high-backed seats elegant day coaches with high-backed seats and the famous F. F. V. dining car. The excursion will be conducted under the auspices of the Cincinnati Commercial Gazette, a guarantee that only the best people will be met with on the trip. Sleeping car reservations should be made

at once.

Address Counting Rooms, Commercial Gazette, Cincinnati, O., or C. B. Ryan, A. G. P. A., C. & O. Railway, Cincinnati.

New Insurance Firm. Addison L. Roache, jr., has purchased an interest in the insurance business of Henry Coe; the firm name will be Coe & Roache. Henry Coe has conducted the business suc-cessfully for the past twenty-one years, and has always had the best class of patronage. The new firm will continue general fire insurance and give special attention to loans, rents and real estate, at the old location, 13 Insurance Block, corner Market and Pennsylvania streets.

Is Your Watch Running? If not, take it to J. C. Sipe, Room 4, Old Sentinel Building, and he will put it in first-class order and guarantee it for one year for \$2, no matter what is wrong with it. Diamonds reset while you wait.

ITCHING SKIN

Cuticura Remedies

A warm bath with CUTICURA SOAP, and a single application of cuticura, the great skin cure, will afford instant relief, permit rest and sleep, and point to a speedy, economical, and permanent cure of the most distressing of itching, burning, bleeding, scaly, and crusted skin and scalp diseases, after physicians, hospitals, and all other methods fail. CUTICURA WORKS WONDERS, and its cures of torturing, disfiguring, humiliating humors are the most wonderful ever recorded in this or any age.
